## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-9, drawn to a nucleic acid and a first method of using the nucleic acid, namely a method of detection of the nucleic acid.

Group II, claim(s) 10-20, drawn to a second method of using the nucleic acid, namely a method of screening potential therapeutic compounds.

2. The inventions listed as Groups I-II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Under the PCT rules, applicant is entitled to examination of the first named product, the first named method of using and the first named method of making. In the instant case, the application sets forth a first product (claims 1-3) and two methods of using. Therefore, under the PCT rules, these are grouped together in group I and the second method of using is grouped separately.

3. A telephone call was made to Joe Liebeschuetz on 7/21/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the

Art Unit: 1634

currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
